

The Wilders

Themes and concepts

HEALTH AND WELLBEING

What is a balanced diet?
 Food chains
 Movement, agility and balance activity

HABITAT LOSS

Deforestation
 Biodiversity
 Tree planting
 Sustainable forest management—caring for trees
 How many trees in school grounds?

FOOD

What food do our school grounds provide for wildlife?
 What do other woodland animals eat?
 What might cause a food shortage?
 Favourite foods

HOME

Moving to a new home
 Habitats
 Build wildlife homes
 I.D trees that squirrels like
 Monitor biodiversity

CONSERVATION

Food Shortages
 Food webs
 Hide and seek game
 Grey squirrels
 Children split into red and greys—hide acorns
 Find acorns with out greys capturing you
 Squirrel dreys
 Squirrel pox

JOURNEYS

Mapping route to new forest
 Leaving home
 Circle time discussion about why people move houses
 Links to refugees, creating a welcoming environment

ROADS, MACHINERY AND HUMAN ACTIVITY/IMPACT

Traffic + crossing the road
 Safety elements
 Impact on animals
 Solutions e.g. tunnels, bridges

FRIENDSHIPS AND LONLINESS

Well-being
 Welcome to the new tribe
 Working together, not alone
 Celebrating differences and similarities

COMMUNITY

Communications
 Exploring our local community
 Talking tails: Flags and semaphore
 What makes your community special?

The Wilders
